

Halloween Pet Safety

Halloween can be the spookiest night of the year, but keeping your pets safe doesn't have to be tricky.

The ASPCA recommends taking these simple, common sense precautions to keep your pet happy and healthy all the way to November 1.

Stash the Treats

The candy bowl is for trick-or-treaters, not Scruffy or Fluffy. Several popular Halloween treats are toxic to pets. Chocolate in all forms-especially dark or baking chocolate-can be very dangerous for cats and dogs, and sugar-free candies containing the artificial sweetener xylitol can cause serious problems in pets. If you suspect your pet has ingested something toxic, please call us at (831) 462-5293 or the ASPCA Poison Control Center at (888) 426-4435 immediately.

Watch the Decorations and Keep Wires Out of Reach

While a carved jack-o-lantern certainly is festive, pets can easily knock over a lit pumpkin and start a fire. Curious kittens are especially at risk of getting burned or singed by candle flame. Popular Halloween plants such as pumpkins and decorative corn are considered relatively nontoxic, but can produce stomach discomfort in pets who nibble on them.

Be Careful with Costumes

For some pets, wearing a costume may cause undue stress. The ASPCA recommends that you don't put your dog or cat in a costume unless you know he or she loves it. If you do dress up your pet for Halloween, make sure the costume does not limit his or her movement, sight or ability to breathe, bark or meow. Check the costume carefully for small, dangling or easily chewed-off

pieces that could present a choking hazard. Ill-fitting outfits can get twisted on external objects or your pet, leading to injury.

Be sure to have your pet try on the costume before the big night. If he or she seems distressed or shows abnormal behavior, consider letting your pet wear his or her "birthday suit" or don a festive bandana instead.

Keep Pets Calm and Easily Identifiable

Halloween brings a flurry of activity with visitors arriving at the door, and too many strangers can often be scary and stressful for pets. All but the most social dogs and cats should be kept in a separate room away from the front door during peak trick-or-treating hours.

While opening the door for guests, be sure that your dog or cat doesn't dart outside. And always make sure your pet is wearing proper identification-if for any reason he or she does escape, a collar with ID tags and/or a microchip can be a lifesaver for a lost pet.

Please call us if you have any questions (831) 462-5293

HALLOWEEN

Pet Safety Tips

NO SWEETS FOR YOUR SWEETIE

Keep your pets away from candy (especially chocolate); avoid placing bowls on the ground.

KEEP PUMPKIN AWAY FROM THE PUMPKIN

Decorative plants can be toxic; candle-lit jack-o-lanterns are fire hazards if tipped over.

COSTUMES ARE OPTIONAL

Don't force on an unwanted costume. Most pets prefer birthday suits.

NO TRICK OR TREATER GREETERS

The front door is a high traffic area. Doorbells and knocks can upset even the friendliest pets.

MUST SHOW I.D.

Spooked pets can get lost. Microchip and tag them in case they get out.

PARTY POOPERS ARE OK

Some pets are happier in a quiet room away from the party.
